Paracorp, Inc./NL Industries, Inc.  
Granite City, Illinois

FROM: Mary A Gade, Chief

TO: Rob Laidlaw

National Enforcement Investigations Center

This is a request for assistance in developing a transactional data base from a body of records that have been received in response to an information request issued by Region V, relating to the above matter. We are interested in learning from the documents the relative contributions of materials to the Granite City, Illinois, site from approximately eight potentially responsible parties. In addition, should the review of documents reveal that there are other PRPs, we would want their identities. Thus far, the Region has received approximately 3,000 pages of documents that need to be reviewed and organized. If additional PRPs are identified, additional documentation may be received as well.

The Region V personnel assigned to this matter are Roger Grimes (FTS 886-6663) in the Office of Regional Counsel and Mike O'Toole (FTS 886-3008) from the Waste Management Division. Any questions you have should be addressed to them.
